YOUR OBJECTIVE

Strengthen general writing skills by focusing on syntax, spelling, conjugations, and connectors.

METHODOLOGY

The workshops have been designed to progress over four weeks, with diagnostic writing in the first week and assessed writing in the last week. It is, however, possible to register for a week. **A short writing assignment is scheduled for every Tuesday, with remedial work on Thursdays.**
Each session will focus on the successful completion of a type of functional writing, with an emphasis on individual writing.

Each session provides an opportunity to work on French style and syntax, enrich vocabulary, and address one or more specific difficulties in written French, whether related to spelling, grammar, or usage: agreements, double letters, prepositions, conjugations, etc.
